Separate Holiday Apartment in Summerhouse

The apartment is a self-contained part of the house that the owners use year-round. It features separate entrance, access to a separate part of the garden with terrace and grill. It is well suited for two adults and a child. Skovhuset is situated in an old, park-like neighborhood with large gardens, just half a mile from the beautiful Kattegat coast.

A grocery and Dyssekilde Railway Station are only one mile away in the village Torup.

We shall be pleased to pick up and bring guests arriving by train to Dyssekilde Railway station on request.

The Area

Hald Strand is an old, quiet neighborhood west of beach resort Liseleje and between the road from Melby to Hundested and the Kattegat coast. It has narrow roads and no through-traffic. There is free access to the beach via several stairways. Just west of Hald Strand, in Nødebo Huse, is a small parking area with direct access to the beach.

The nearest major towns are Frederiksværk and Hundested, both 4 miles away.

Hundested features a nice harbor area with good restaurants and a fine beach.

The apartment consists of bedroom with double bed, bathroom with lavatory and shower, and living room with kitchenette. Heating and hot water from the central heating system of the house.
